

INFORMATION FOR PARTICIPANTS

MobiTOUR is a small, simple device that helps your guide look after the group—so you can travel with more peace of mind.

Good to know:

No apps to install

The device works straight away

Just keep it with you

That's all you need

If needed,

press a single button to ask for help

How it works

• 01

Take the device with you while sightseeing.

• 02

Follow your guide's instructions (meeting points, free time, daily plan).

• 03

Need assistance? Press the CALL button—the guide will receive a signal and respond.

• 04

Your guide started a quick vote?

Press to vote "yes" or press to vote "no"

Good habits on a group tour:

Keep the device with you throughout the day.

Arrive at meeting points a few minutes early.

If anything is unclear, talk to your guide.

If you want to request a break, press the STOP button.

Not sure how to find the group? Press the CALL button.
